Ascent Unit

12-V AC/DC Adapter

Screwdriver

IMPORTANT

This Ascent unit **WILL NOT WORK** until the activation process is **COMPLETE**!

See the included **Activation Guide** to get this unit activated.

WARNING

AUTOMATIC GATES CAN CAUSE SERIOUS INJURY OR DEATH!

ALWAYS CHECK THAT THE GATE PATH IS CLEAR BEFORE OPERATING!

REVERSING OR OTHER SAFETY DEVICES SHOULD ALWAYS BE USED!

STOP

This is a cellular accessory for a gate or door. An uninterrupted cellular connection

CANNOT BE GUARANTEED!

An emergency egress or primary entry

mechanism SHOULD ALWAYS BE USED!

(transmitter, fire box, mechanical release)

Consult with your dealer, distributor, and/or system designer for more information.

IMPORTANT

If mounting in a location that will shield the puck antenna, the

4G LTE Antenna Extension Kit (Model 16-ANTX-1)

should be purchased and installed.

Failure to do so may result in NO SIGNAL!

CAUTION

Leave the "hockey puck" antenna in place even if using an antenna extension.

Seal all openings created in the enclosure.

Failure to follow these instructions can damage the unit!

What's what?

All important components labeled

Unit shown with cover removed. Internal wiring not shown for clarity.

Model **25-S1**

3 Connect wires

Feed wires through one or both cable glands, and connect as shown using included screwdriver.

Consult gate/door opener manual for exact connections.

Terminals vary widely across manufacturers and models.

Additional wiring diagrams can be found online.

We recommend using 18-gauge stranded wire for all connections.

CAUTION

When connecting the power supply, remember to connect positive to positive and negative to negative to avoid damage.

Reversing polarity can damage the unit and void the warranty!

Some power terminals may be different from that shown and may be pluggable style.
